

### Enter the World of German Index Engineering

Solactive AG is a FinTech company operating globally and growing at a fast pace, headquartered in Frankfurt. Since 2007, we develop tailor-made and multi-asset class index solutions for ETFs and other index-linked investment products for the leading global investment banks and asset managers as our clients. Flexibility, efficiency and providing the highest quality are at the heart and soul of our business philosophy. We are now hiring!

## Working student in Software Engineering (f/m/d) | DevInfra | Berlin

Are you a curious computer science student who cannot wait to gather some hands-on experience? Are you looking for a professional working environment where you can grow your skills? Are you searching for a position where you can take ownership of projects to boost your personal development? Then you will very likely fit into our team!

### Your Tasks

- Supporting our development team working on our innovative indexing platform which is used by the world's biggest and most successful banks and fund management companies
- Planning & development of tools (back-end / front-end) supporting our business-, development- and operation teams
- Contributing in maintaining our development infrastructure (e.g. CI / CD, test environment)
- Development of our Test Automation to integrate test scenarios
- Research and analysis to extend our tech stack, software, and tools to keep our processes and tools state-of-the art

### Your Profile

- Enrolled student, e.g. in the field of Applied Computer Science or a comparable field of study
- Basic knowledge in OOP, like Java or a comparable programming language
- Basic knowledge in front-end technologies (e.g. HTML5, CSS3)
- RM / ORDB based databases (e.g. MySQL, Postgres)
- Basic knowledge of Linux-based systems
- Highly motivated and interested in learning new things
- Good communication skills and team spirit
- Creative and interested in contributing your own ideas

### Our Offer

Be part of the Solactive family, a motivated team with an international setting

- Get to know the dynamics of an established, successful FinTech company
- Experience a modern start-up culture with a flat hierarchy
- Seize the opportunity to develop personally, take over responsibility and maintain direct customer contact from day one
- Receive numerous benefits (e.g. gym, regular staff parties, access to Corporate Benefits, modern office space, employee lounge and free beverages)

### Your Application

Interested? Don't miss your chance and directly apply online by clicking the "Apply now" button on our website and filling in the application form. Your contact person is Friederike Stork (+49 (0) 69 719 160-263). We are looking forward to hearing from you!
